MY *country*, **THIS IS**
FOR *my future*, **FOR**

#StillMyAmerica is a place to showcase and celebrate the values of dignity, tolerance and respect that define the American identity today, and for the future. Our goal is to create a safe place where students can share personal stories and reflect on hopes and concerns for our nation, while discovering inspiration and sharable artwork that depicts positive American ideas and role models from all walks of life – and from both sides of the aisle.
